**Question 1**

Correct

Mark 1.00 out of 1.00

Aesthetics of the website is part of the functional requirement. State true or false

Select one:

- ○ a.   TRUE
- ● b.   FALSE ✔

Your answer is correct.

The correct answer is: FALSE

---

**Question 2**

Correct

Mark 1.00 out of 1.00

_____ describes how the development activities will be performed and how development phases follow each other.

Select one:

- ○ a.   Design
- ○ b.   Software Engineering
- ○ c.   Process
- ● d.   Software Development Process ✔

Your answer is correct.

The correct answer is: Software Development Process

**Question 3**

Correct

Mark 1.00 out of 1.00

---

Requirement came to Allen Software company to develop a software for military purpose. .00001 second delay in the missile launching software would create greater loss to the human life. What kind of model is best suited for this scenario?

Select one:

- ○ a. Agile
- ◉ b. Spiral model ✔
- ○ c. Waterfall model
- ○ d. Prototype

---

Your answer is correct.

Spiral model is used for high risk projects

The correct answer is: Spiral model

**Question 4**

Correct

Mark 1.00 out of 1.00

---

_____ is the application of a systematic, disciplined, quantifiable approach to the design, development, operation and maintenance of software.

Select one:

- ○ a. Software Testing
- ◉ b. Software Engineering ✔
- ○ c. Requirement Engineering

---

Your answer is correct.

The correct answer is: Software Engineering

**Question 5**

Correct

Mark 1.00 out of 1.00

During which phase the following activities are performed: Identifying the  major modules of the system, how these modules integrate, the architecture of the system and describing pseudo code for each of the identified module

Select one:

- ○ a.  Feasibility
- ◉ b.  Design ✔
- ○ c.  Analysis
- ○ d.  Maintenance

Your answer is correct.

Identifying the  major modules of the system, how these modules integrate, the architecture of the system and describing pseudo code for each of the identified module are performed during the design phase

The correct answer is: Design
